ZOO FOR ALL WALK
SOCIAL STORY

Today, I will participate in the "Zoo For All Walk."

It's important to dress according to the weather.

**Upon arrival, I'll check in at the designated station
and wait for the walk to start at 9 a.m.**

Before the walk, there will be a few announcements over a microphone.

If I feel overwhelmed, I can borrow a sensory bag at the sensory bag table, which includes disposable earplugs and a copy of this social story. I'll return these items to the booth at the end of the walk.

A volunteer in a yellow shirt will guide us through the walk.

There will be various animals to see during the walk.

I can step aside to observe them more closely.

**The walk route includes the indoor/outdoor giraffe viewing,
but if I prefer, I can walk around it.**

If I need a break, the Wolfe Lodge offers a Sensory Area/Quiet Zone.

Along the route, some people may be quietly cheering and waving blue ribbon wands with bells.

At the finish line, there will be people cheering and finisher ribbons handed out.

The celebration includes water, fruit, and calming activities.

An ASL interpreter will be present alongside soft music.

I can choose to stay or leave.

**Before leaving, I will return any borrowed items.
I can either stay for the rest of the day or go home.**
